

## Faith Scenarios

### A TALE of TWO THRONES

After having prayed about it, Lucy committed to attend a series of Christian seminar teachings in preparation for a cleansing retreat. The meetings were scheduled on Friday evenings approximately one hour’s drive away (or longer, depending on traffic).

The Friday arrived for the second meeting of the Christian seminar about cleansing. The first meeting has been life-changing, so Lucy was really looking forward to the next teaching.

However, Lucy had been challenged all that day with diarrhea. Now she emerged from the bathroom and suddenly realized that it was almost time for her to leave for the seminar.

What should Lucy do?

a) Stay home close to the bathroom.	d) Take a shower, get dressed, and put on a heavy-duty pad for protection.
b) Take a shower, get dressed, go to the meeting, but sit in the back in the seat closest to the bathroom.	e) Call an Anointed friend to come over to lay hands on her for healing.
c) Take a shower, get dressed, go to the meeting, expecting the diarrhea to stop, and sit up front to receive the greatest Anointing.	f) Ask God, as a sign that she should go to the seminar, that there would be no need to run to the bathroom between now and time to leave.

## **Faith Scenarios**

### **CHOOSE LIFE or CHOOSE DEATH**

After having prayed about it, Lucy committed to attend a series of Christian seminar teachings in preparation for a cleansing retreat. The meetings were scheduled on Friday evenings approximately one hour's drive away (or longer, depending on traffic).

The first Friday arrived. Lucy was excited and all ready to go to this life-changing seminar when she received a call from a nearby friend that Lucy's daughter was threatening to commit suicide.

Lucy had been faithful to pray the ABC prayers for her family on a daily basis, including Psalms 23 and 91 for protection, so this was shocking news and Lucy started to react in fear and panic.

What should Lucy do?

a) Forget the seminar, stay home to be close to her daughter to be available to leave quickly just in case she was needed.	d) Spend some time praying for her daughter and then go to the seminar.
b) Forget the seminar and drop everything to go to her daughter to change her mind about committing suicide.	e) Go to the seminar, relying on her lifestyle of prayer, trusting God that all was well, and waiting till the meeting was over to call for the confirmation that all was indeed well.
d) Forget the seminar and instead spend the time praying in tongues for her daughter.	f) Go to the seminar, but leave the meeting frequently to call to check on her daughter.
